

WA Custom Glass.

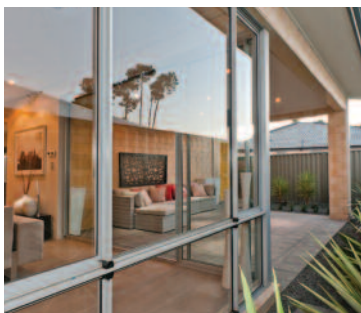

The preferred retro fit provider for
Jason Windows

WA Custom Glass is a locally owned and operated company that offers services to the entire Perth Metro Area. We aim to bring our clients the highest quality glass products and customer service in the industry.

Jason Windows has been supplying quality products to the WA building industry for over 50 years. The company pioneered the introduction of aluminium windows and doors in WA in the early 1960s and has continued to be the benchmark for product design, strength, and service ever since. WA's leading builders specify Jason Windows in their homes with many entrusting their window and door supply, installation, and service exclusively to Jason for decades.

The following is the approximate production time for your requested item. Your production time will begin from the completion of an accurate measure AND the deposit being received by WA Custom Glass. All times are subject to change based on work load and unforeseen issues with suppliers.

Jason Windows 3 weeks

*All timelines are subject to quantity of items on orders and scheduling availability.

OUR PAYMENT TERMS

50% payment required to begin production of any works, the remaining 50% will be paid on day of installation for all COD accounts. We accept that 10% of payment can be withheld until MINOR service items are completed. No service items will be completed until a minimum 90% of invoice has been paid.
