

Product Care Guide

Shower Screens – Mirrors – Robes – Splashbacks

- Use only warm water or drops of methylated spirits on a damp cloth then wipe with a dry, lint free cloth.
- Do not use acidic, alkaline or commercial cleaners that contain ammonia or vinegar on the products.
- To avoid “blackening” or mould on mirrors or acid build up on shower screens follow above instructions.
- Deviating from above instructions voids any and all warranties held through WA Custom Glass and our suppliers.
